

How to Find Domain Name Ideas Using Domain Name Generator in AIMasher

1 Navigate to <https://members.aimasher.com/Account/Dashboard.aspx>

2 Click "Niche Ideas"

The screenshot displays the AIMasher dashboard. On the left is a pink sidebar with the AIMASHER RC V1.02 logo and a list of menu items: Dashboard, Keyword Masher, Niche Ideas (highlighted with a yellow circle), Article Re-Inventor, Article Publisher, Content Engine, and Blog Amplifier. The main content area features the AiMasher logo and a 'Dashboard' heading. Below this, there are two data panels: 'Member Data' (orange background) showing 2 Templates, 1 Article Built via Build System, and 2018 Articles in My Articles; and 'Integrations' (purple background) showing 4 OpenAI Accounts.

Member Data	
Templates	2
Articles Built via Build System	1
Articles in My Articles	2018

Integrations	
OpenAI	4 Accounts

3

Click "Domain Name Generator"

The screenshot shows the AI/Master dashboard. On the left is a pink sidebar with a navigation menu. The menu items are: Dashboard, Keyword Masher, Niche Ideas (with a dropdown arrow), Domain Name Generator (highlighted with a yellow circle), Niche Discovery, Article Re-Inventor (with a right arrow), Article Publisher (with a right arrow), and Content Engine (with a right arrow). The main content area is white and titled "Dashboard". It features a red "Member Data" section with the following information: Templates (2), Articles Built via Build System (1), and Articles in My Articles (2018). Below this is a purple "Integrations" section with the following information: OpenAI (4 Accounts) and Pixabay (1 Account).

4

Select the OpenAI account to use

The screenshot shows the domain name generator form. It contains several dropdown menus and a text input field. The first dropdown menu is labeled "Damon's OpenAI Key" and is highlighted with a yellow circle. The second dropdown menu is labeled "gpt-4". The third dropdown menu is labeled "English". The fourth dropdown menu is labeled "Domain Generator". Below these is a text input field. At the bottom left, there is a dropdown menu labeled "10". At the bottom center, there is a blue button labeled "Generate Domain Name".
