

How to Integrate Your ScrapeOwl API into AIMasher

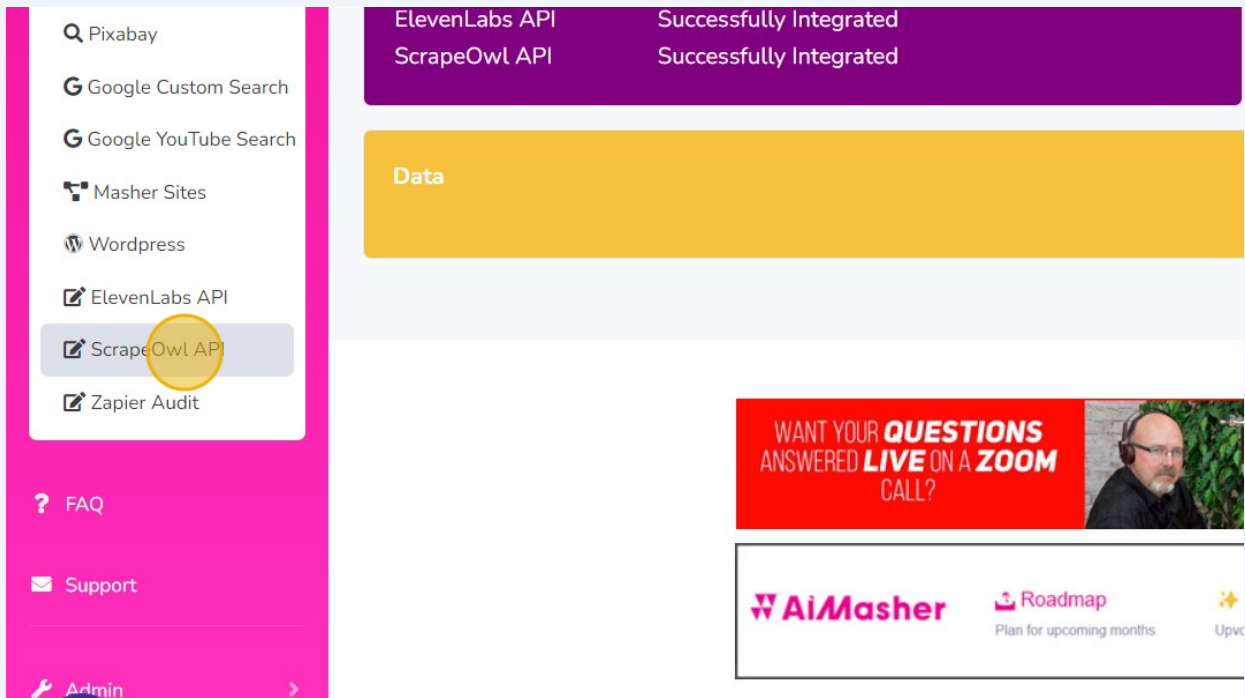

This guide provides step-by-step instructions on how to integrate your ScrapeOwl API into AIMasher, allowing you to easily access and utilize the features of ScrapeOwl within the AIMasher platform. By following these instructions, you can seamlessly connect the two tools and enhance your data scraping capabilities.

1 Navigate to <https://members.aimasher.com/Account/Dashboard.aspx>

2 Click "Integrations"

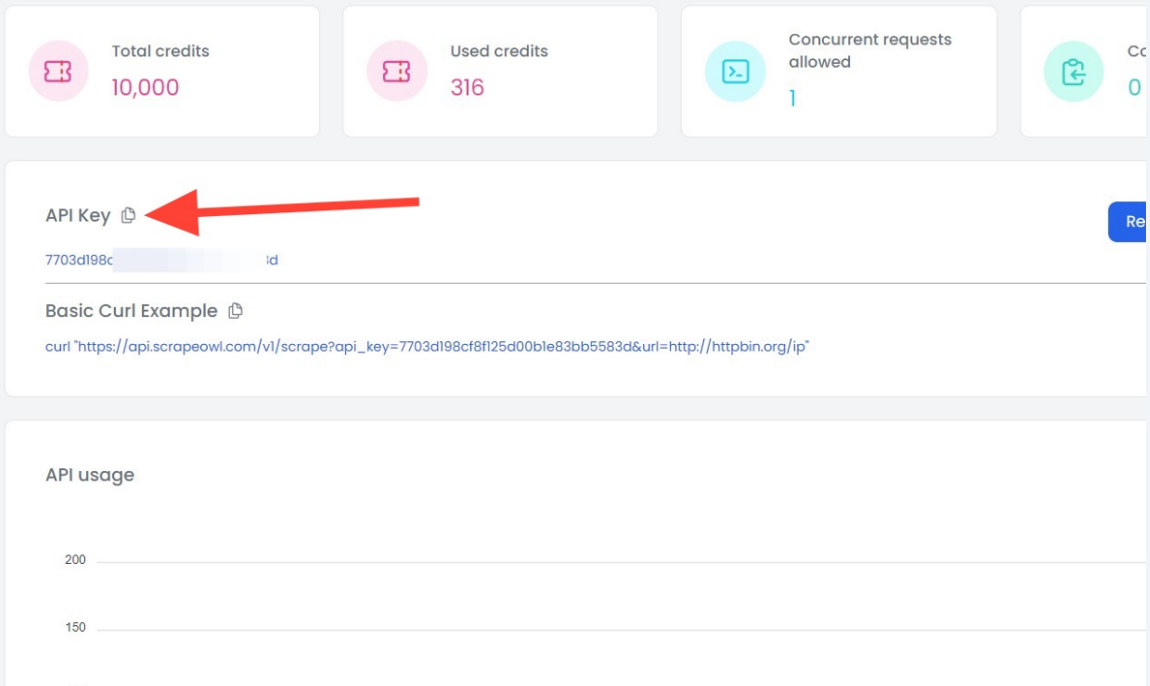

Integration	Count/Status
OpenAI	4 Accounts
Pixabay	1 Account
Google Custom Search	1 Account
Google YouTube Search	1 Account
Masher Sites	19 Accounts
Wordpress	37 Accounts
ElevenLabs API	Successfully Integrated
ScrapeOwl API	Successfully Integrated

3 Click "ScrapeOwl API"

4 In a new tab, navigate to <https://app.scrapeowl.com/dashboard>

5 Copy the ScrapeOwl API Key

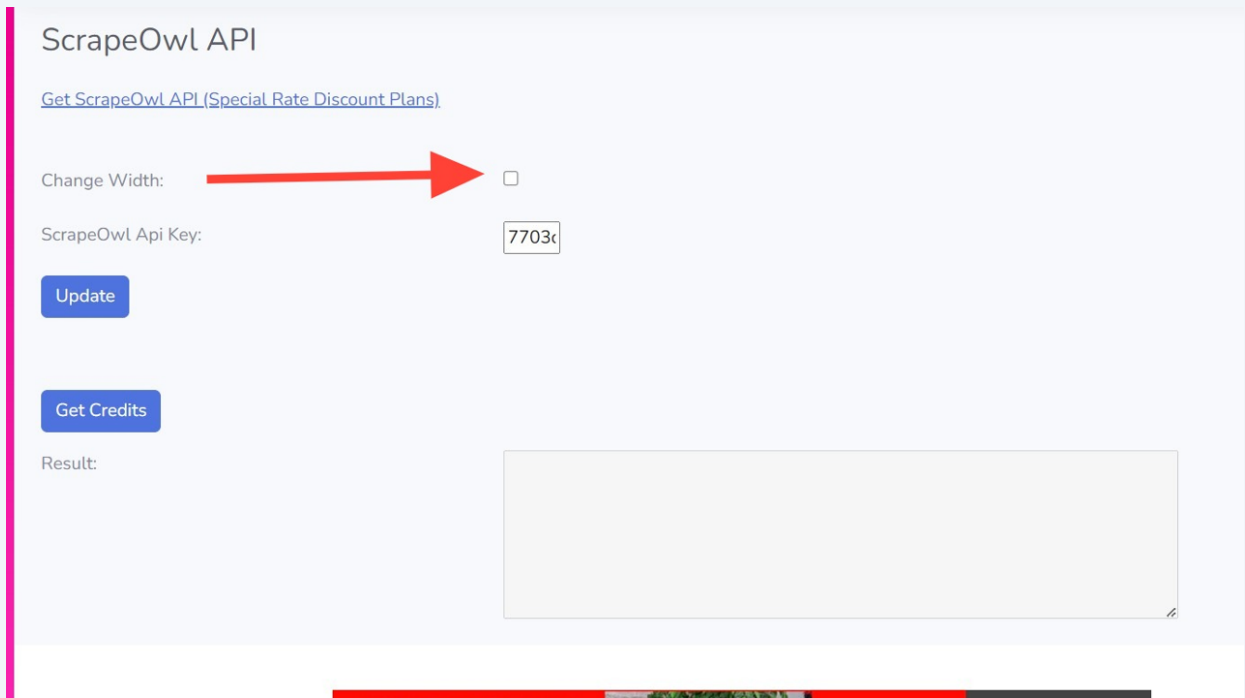

The screenshot displays the ScrapeOwl dashboard with the following components:

- Total credits:** 10,000
- Used credits:** 316
- Concurrent requests allowed:** 1
- API Key:** 7703d198c...id. A red arrow points to the key text.
- Basic Curl Example:** `curl "https://api.scrapeowl.com/v1/scrape?api_key=7703d198cf8f125d00ble83bb5583d&url=http://httpbin.org/ip"`
- API usage:** A line graph showing usage over time, with a y-axis ranging from 150 to 200.

6 Press **ctrl + c**

7

Click this checkbox to change the display width of the API Key dialog box

Change Width:

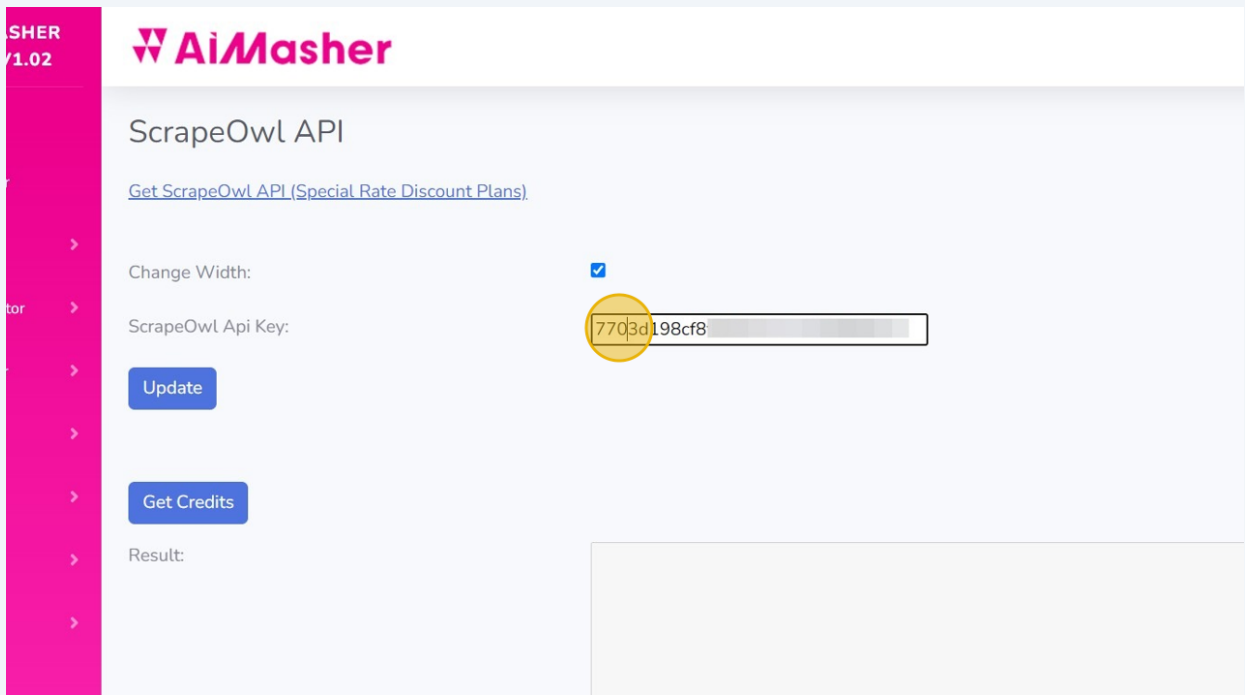

ScrapeOwl Api Key:

Result:

A screenshot of the ScrapeOwl API configuration interface. The 'Change Width' checkbox is now checked. The API key text field is highlighted with a yellow circle and contains the key '7703d198cf8'. The 'Update' and 'Get Credits' buttons are visible. A pink sidebar on the left contains the text 'SHER 1.02' and 'AiMasher' logo. The 'Result:' label and empty box are at the bottom.

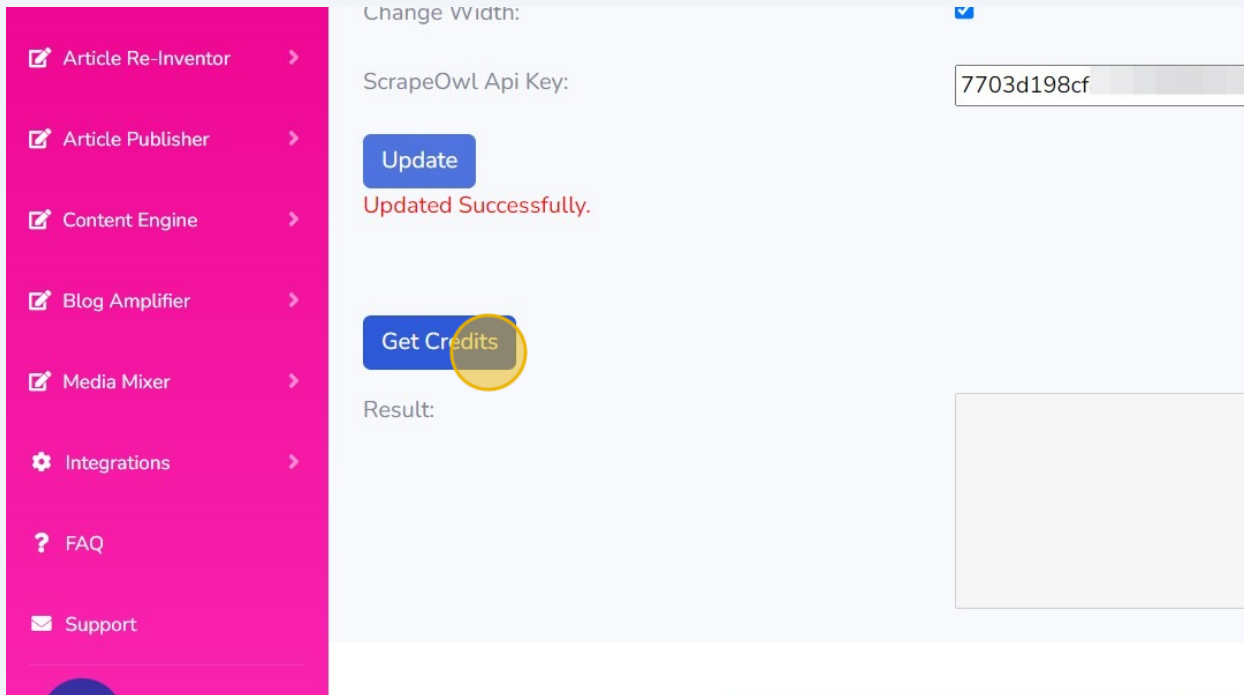

9 Press **ctrl + v**

10 Click "Update"

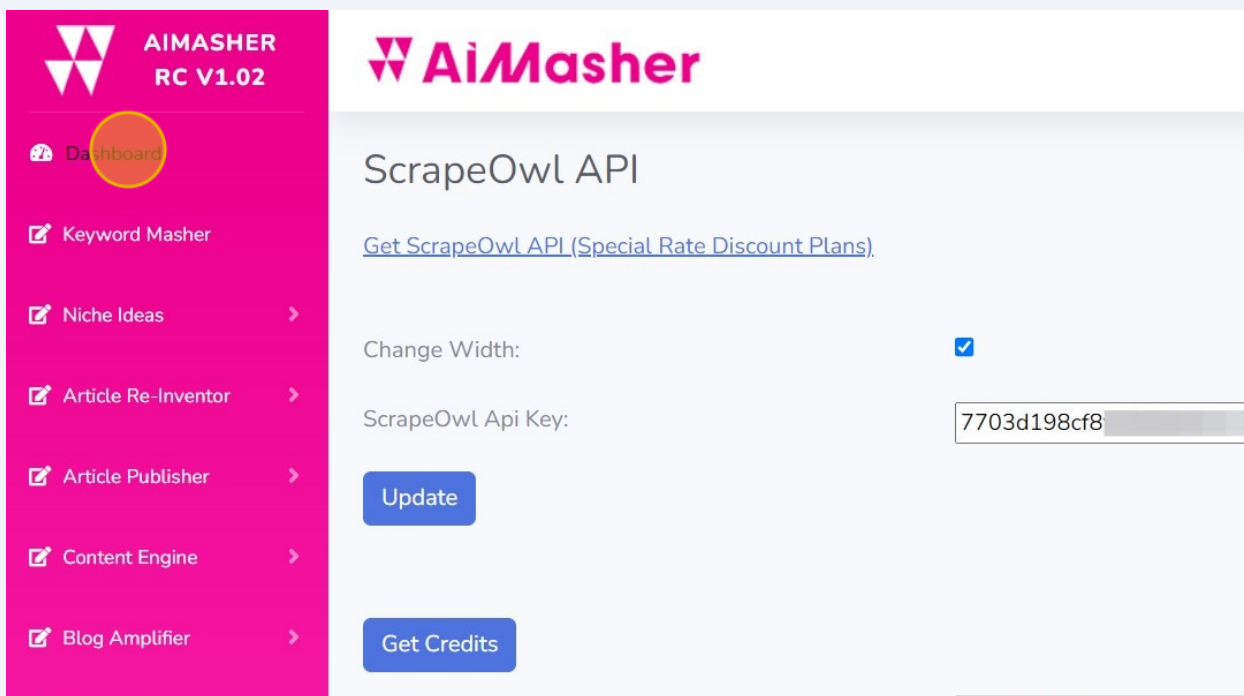

The screenshot displays the ScrapeOwl API configuration page. On the left is a pink sidebar with navigation options: Dashboard, Keyword Masher, Niche Ideas, Article Re-Inventor, Article Publisher, Content Engine, Blog Amplifier, Media Mixer, Integrations, and FAQ. The main content area is titled "ScrapeOwl API" and includes a link for "Get ScrapeOwl API (Special Rate Discount Plans)". Below this, there are two settings: "Change Width:" with a checked checkbox, and "ScrapeOwl Api Key:" with a text input field containing "7703d198cf". A blue "Update" button is highlighted with a yellow circle, and a "Get Credits" button is located below it. A "Result:" label is positioned above a large, empty light-gray rectangular area at the bottom of the page.

11 Click "Get Credits"

The screenshot shows the AIMASHER dashboard with a pink sidebar on the left. The sidebar contains the following menu items: Article Re-Inventor, Article Publisher, Content Engine, Blog Amplifier, Media Mixer, Integrations, FAQ, and Support. The main content area is titled "ScrapeOwl API" and includes a "Change Width" checkbox (checked), a "ScrapeOwl Api Key" input field containing "7703d198cf", an "Update" button, a confirmation message "Updated Successfully.", and a "Get Credits" button which is highlighted with a yellow circle. Below the "Get Credits" button is a "Result:" label and an empty rectangular box.

12 Click "Dashboard"

The screenshot shows the AIMASHER dashboard with a pink sidebar on the left. The sidebar contains the following menu items: Dashboard, Keyword Masher, Niche Ideas, Article Re-Inventor, Article Publisher, Content Engine, and Blog Amplifier. The "Dashboard" item is highlighted with a yellow circle. The main content area is titled "ScrapeOwl API" and includes a link "Get ScrapeOwl API (Special Rate Discount Plans)", a "Change Width" checkbox (checked), a "ScrapeOwl Api Key" input field containing "7703d198cf8", an "Update" button, and a "Get Credits" button.

13 All done!
